1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Francis A. Cooch on July 29, 2010.

The application has been amended as follows:

30. (currently amended): The system of claim 24, ~~A product identification system comprising:~~

~~a) a package body fabricated from at least a molecularly imprinted polymer having molecular sized cavities adapted to selectively receive and bind molecules having a specific taggant molecular structure, said molecular sized cavities being disposed on selected portions of an exterior surface of the body, said selected portions being configured in the form of information conveying indicia; and,~~

~~b) a developing composition for developing the selected portions as an image, said developing composition including indicator molecules having a taggant moiety at one end having the taggant molecular structure and a marking functional group tethered to the taggant moiety by a molecular chain, said taggant moieties engaging and binding to the molecular sized cavities so as to mark the portion of the surface of the body with the indicator molecules bound thereto, said marking functional groups rendering the marked portion of the surface perceptible with or without detection instrumentation; wherein the chain transfer moiety is selected from the group consisting of dithiocarboxylic ester, trithiocarbonate and benzyl iodide.~~

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest the combination of limitations as are now found in these claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
